How to pay your membership and affiliation fees

Club members

Club members should pay their club fees, county affiliation fees, regional affiliation fees (Welsh Archery Association) and Archery GB affiliations to their club treasurer.

Club treasurers

Club treasurers should then split the payment. County affiliation fees and regional affiliation fees should be sent to the county treasurer. Archery GB fees should be sent direct to Archery GB.

County treasurers

County treasurers should then forward the regional affiliation fees on to the Welsh Archery Association treasurer.

Archery GB direct members

Direct membership of Archery GB is allowed but it is a requirement that you must still join your local county and region otherwise your Archery GB insurance may be invalid. You would be responsible for making the payment to Archery GB yourself and then make the necessary payment to your county treasurer for county and regional fees.

Members and treasurers are reminded to check the affiliation fees. The Welsh Archery Association has fallen in line with Archery GB for members joining later in the year. From 1st October this year it is now the full rate from 1st October 2017 to 31 March 2018 and then from 1st April 2018 to 30 September 2018 it will be half the full fee.
